LINKTower

LED LIGHT TOWERS

LINKTower™ from Generac Mobile Products is a unique portable lighting solution for a wide range of jobs, events and projects, indoors and out. LINKTower provides the same powerful illumination as our full-size LED light towers, but its compact design allows for ultimate versatility and ease of use. Use one, or LINK two towers together, the linking capability allows for flexibility and versatility in lighting events and jobsites. And, because it's powered by a standard 120V outlet, there are no harmful fuel emissions, making LINKTower a clean and safe choice for temporary lighting needs of all kinds.

SAFE

- Shore-powered LINKTower produces zero localized emissions, so it's safe to use indoors and out
- Low voltage on external mast cords for safer handling

QUIET

- Silent operation is ideal for music and other special events, and any application in which sound is a concern

VERSATILE

- Power from 120V utility power source, generator or another light tower
- 120V AC duplex receptacles can power commonly used jobsite tools
- Smaller size and mast design fits through a standard door opening

COST EFFECTIVE

- Lowest total cost of ownership for a light tower - no service interval, no diesel fuel
- Compact footprint saves on transportation costs
- Instant-on LED lights

EASY TO USE

- LINKTower can be set up by a single person in less than one minute, saving time and manpower
- Ergonomic folding handles and additional caster wheel allow for one-person maneuverability
- Lockable side access door for internal storage of extension cords and tools
- Forklift pockets and lifting eye ease loading and unloading

APPLICATIONS

- Music and Special Events
- Industrial Plants
- Manufacturing
- Warehousing
- Worksite Lighting
- Sporting Events
- Parking Lot Lighting
- School Events
- Municipal Projects
- Auto Dealers
- Hi-rise Construction
- Construction
- General Rental
