

# The DP II Terminal

The DP II Terminal, here placed on the wrist with the custom wrist holder. The DP II terminal is a small and handy field computer with many advantages. Some examples of user areas for the DP II Terminal are landscape biodiversity studies and national inventories with multiple variables.

The DP II terminal is adapted for professional and efficient fieldwork, with low energy consumption, a multifunctional keyboard, protected com-port, sealed electronics and rugged construction.

Our large software library allows for a quick start even for beginners. Or, you can choose to work with your own custom software for direct conformity with the current methodology and operating modes of your organization. The DP II terminal can be used as a standalone instrument or with the SmartScale for a complete and modern computer caliper system.

## TECHNICAL SPECIFICATION DP II TERMINAL

<b>Memory:</b>	1GB Flash File System non-volatile high security. 1Mb high-speed ram.
<b>Processor:</b>	Low power 32 bit Arm based processor.
<b>Temperature:</b>	Min -20° Max 60° C/ Min -4° Max 140° F.
<b>Energy:</b>	<b>Battery:</b> Rechargeable Li-ion, USB-interface charge. <b>Consumption:</b> One week/charge/software depending.
<b>Buttons:</b>	<b>Execution Enter Navigation</b> 4 arrow keys. <b>Quick commands:</b> Display light Turn off, Escape and Vertex/VL5 height input.
<b>Weight:</b>	150g/6oz.
<b>Display:</b>	Graphic, 128 x 64 pixles backlit, graphic interface.
<b>Communication:</b>	<b>USB 2.0 MSD;</b> External serial port via adapter, USB (CDC) via adapter <b>Wireless:</b> Bluetooth® (SPP, OPP), IR receiver for Vertex/VL5/L5.
<b>Clock:</b>	Real Time Clock with calendar and time.
<b>Signal:</b>	Built-in loudspeaker.
<b>Classification:</b>	IP67 Moist/dust resistant, CE, FCC.

13-600-1070 Portable power bank for battery charge in the field.

13-600-1010 Portable field printer with built-in Bluetooth.

Flat surface serial com-port for communication with DP DME, Digitech Tape, DP Keyboard.

### DP II Terminal 13-410-1001

DP II Computer Terminal Bluetooth® incl. USB cable, USB adapter, USB car adapter, AC/DC international charger. Built-in Li-Ion battery, flat surface comport for communication with custom accessories.

#### Optional suitable accessories:

- 13-600-1067 Wrist Holder
- 13-420-1101--1105 SmartScale REb, lengths from 500 mm/18" to 1020mm/40", model incl. remote Radio Enter Button
- 13-600-1019 Digitech Tape (use as diameter tape)
- 13-600-1044 Digitech Keyboard (for extensive data input)
- 13-600-1010 Bluetooth field printer
- 13-600-1070 Portable Power bank
