

## One-Sided Laser Detector w/Clamp for Red Beam Rotating Lasers

**Model #:** 40-6705  
**UPC:** 049448067053

This laser detector is ideal for using red beam rotary lasers outdoors, in high ambient light conditions or whenever the human eye cannot see the laser beam by quickly and accurately locating the laser signals. Accuracy is never a problem thanks to the audible and ultra bright LED indicators that allow for precise leveling. And the included clamp easily attaches the laser detector to grade rods for determining differences in elevation.

### PRODUCT DETAILS

40-6705 Includes > Detector, 2 "AAA" batteries, and clamp

- Quickly and accurately locates red beam rotary laser signals
- Audible tone for level and visual LED indicators for precise leveling
- Clamp attaches to grade rods

### SPECIFICATIONS

<b>Battery Life</b>	40 hours
<b>Dimensions</b>	4.50"x2.50"x1.50"
<b>Power Supply</b>	2 AAA Alkaline Batteries (included)
<b>Warranty</b>	3 Years
<b>Weight</b>	0.47 LBS

### APPLICATION

This laser detector was designed for use indoors and outdoors and greatly expands the working range of any red beam rotary laser. It is a must-have for building contractors, paving companies, excavation companies, concrete professionals, plumbers, landscapers and more! The laser detector pairs perfectly with any red beam rotary laser.
