aluminum leveling rods

Free carrying bag and snap on rod level on each Nedo fiberglass rod

Fiberglass Leveling Rods

Nedo fiberglass leveling rods are made to last. The tubes are made of high impact fiberglass materials which are extremely durable and robust. Anti-Jam® buttons made of brass and wear resistant graduations on the front and back ensure a long life of Nedo fiberglass leveling rods, even under tough conditions.

Features:

- Extremely robust design
- Anti-Jam® buttons made of brass ensure a long life
- High precision scale on front and back
- Scale on back allowing overall height readings
- Ergonomically designed shape for a better grip
- Non-conductive under dry conditions
- Laser receiver brackets are easily attachable
- Free carrying bag and snap on rod level
- Quality made in Germany
