

Steel Desk Rack

Imagine a place that gets you

Steel Desk Rack helps increase efficiency by neatly storing and organizing the file folders and paperwork cluttering up most work areas. Heavy steel construction with a durable, mar-resistant powder coat finish. Decorative contemporary design on end panels works well with any decor. Rubber feet protect work surfaces. Available in Black (BL). Desk Racks are designed to store and organize file folders, binders and reference materials. Slant Desk Racks feature inclined sections for full front-to-back viewing of files.
