

## Locus™ Leaning Seat by Focal Upright™

FLT-1000-BK-BK

### Cushion Color

## SAFCO ACTIVE™

- non-slip, easy-to-clean, contoured seat cushion which may help to reduce pressure points
- pivoting seat leg encourages dynamic movement
- supports leaning posture- encourages a hip-to-torso range of 130 to 135 degrees which provides less pressure on your spine and connecting muscles when compared to standing
- seat pan tilts up to 5 degrees to support hip flexibility
- easy-adjust piston-release handle raises and lowers the seat
- designed to move with the body; this active movement promotes a relaxed spine and may help to engage muscles
- accommodates heights between 4'11" and 6'8"
- discreetly designed wheels for easy portability
- post folds for easy storage
- anti-Fatigue Mat (included) may help relieve stress on your feet and lower body versus having your feet on the floor while leaning/perching, providing a more comfortable working experience
- works with any standing desk/table and is rated up to 300 lbs.
- designed by Martin Keen
