

## Lighted Valve & Curb Keys

Illuminates the inside of curb or valve box.

Light is recessed to protect from damage.

Simple button-operated light switch.

**TRUMBULL LIGHTED KEYS** make it easier for the operator to see the 2" nut on a main valve or t-head of a curb stop. Both models feature handles and shafts fabricated from Sch40 steel pipe and extra strength tool castings.

### LIGHTED MAIN VALVE KEYS

- Handles and shafts fabricated from 1" Sch40 steel pipe
- Cast steel casting fits 2" square operating nut
- Bottom casting has mud slots that prevent packing of dirt inside socket

### LIGHTED CURB KEYS

- Handles and shafts fabricated from 3/4" Sch40 steel pipe
- Combination curb key casting fits t-head of curb stops up to 2", standard pentagon nut and various curb box rods
- The curb key casting has an OD of 1-1/4" and is designed for Buffalo curb boxes, meter boxes, or arch pattern boxes with 1-1/2" or larger upper pipe sections (see page A-10 for more details)

### Lighted Main Valve Keys

Length	Trumbull Item No.	Weight
4 ft.	<b>367-5118</b>	12.80 lbs.
