

PRODUCT INFORMATION:

Thank you for purchasing the Cabinet Security Stake Kit. Please take a moment to review the enclosed information.

Contents:

- 2' Galvanized Stake
- 2' Galvanized Steel Coated Security Cable
- Brass Security Lock

Assembly Instructions:

Step 1: Pound galvanized stake into the ground.

Step 2: Loop security cable through one of the loops in the galvanized stake.

Step 3: Place cabinet on top of the galvanized stake and pass the security cable through two different grommet holes in the bottom of the cabinet.

Step 4: Fasten the brass security lock to both ends of the security cable.
